

Strategic Planning

Executive Service Corps of Southern California (ESC) delivers a powerful and cost-effective strategic planning process to drive your nonprofit's mission and ensure long-term success.

BENEFITS

- Inspire dedication to a clearly defined mission and far reaching vision
- Define the core values that underpin your work
- Build an energized and unified staff and board team
- Demonstrate to funders an effective strategy for genuine impact
- Make a greater difference in the communities you serve

OUR APPROACH

A highly collaborative, customized engagement designed to help you achieve your short- and long-term mission-driven goals.

IMPLEMENTATION SUPPORT

Coaching is central to ESC's unique approach, and our **consultants partner with you** through plan development and the launch of **implementation**. Once your strategic plan is approved, we continue to coach your steering committee, **working with you hand-in-hand** to set your plan into action.

ESC's strategic planning consultants partner with you to...

- Gather and analyze information and insights from stakeholders throughout your community
- Create or confirm your mission, vision and values in response to both current and future environmental factors
- Focus your decision-making by developing a SWOT analysis (Strengths, Weaknesses, Opportunities and Threats)
- Clarify primary goals, objectives and action steps to prioritize your organization's work
- Develop plans for long term financial sustainability in alignment with your strategic plan
- Gain buy-in from your staff, board and constituents
